EDUCATION

2025 - Present
GISMA UNIVERSITY OF APPLIED SCIENCES, POTSDAM, GERMANY

- MSc Data Science, AI & Digital Business

2021 - 2025
CHARUSAT UNIVERSITY, INDIA

- B.Tech in Computer Engineering
- Grade: 7.59

SKILLS

- Python, JavaScript, Node.js, Angular, C, C++, HTML, CSS, Git
- Machine Learning, Computer Vision, Data Analysis, Data Processing
- MySQL (Basic), Microsoft Excel, Microsoft Office
- Video Editing

LANGUAGES

- English
- Gujarati
- German
- Spanish

PROFILE

Motivated Data Science & AI professional with hands-on experience in machine learning, computer vision, and full-stack development. Strong analytical mindset, fast learner, and effective team collaborator. Passionate about building impactful AI solutions and continuously improving technical expertise.

WORK EXPERIENCE

Data Analyst — JAN 2025 – JUL 2025
Techno Smart Diamond Solution, Surat, India

- Built ML models for heart disease, diabetes, and Parkinson's prediction.
- Performed data preprocessing, feature engineering, and evaluation using SVM.

Computer Vision Engineer — May 2024 – Jun 2024
Techno Smart Diamond Solution, Surat, India

- Developed a diamond part recognition model using custom datasets.
- Trained and validated CNN-based computer vision models.

Node.js Developer — May 2023 – Jun 2023
Upstair Technologies LLP, Surat, India

- Built Angular/Node.js web pages with CRUD operations.
- Integrated frontend UI with backend REST APIs.

Research Assistant – Deep Learning (Skin Cancer Detection) — 2024 - 2025
Independent Research / Springer Publication

- Developed a CNN + Inception hybrid model for melanoma detection.
- Achieved 86.93% accuracy through batch-size optimization on the ISIC 2024 dataset.
